

TESTIMONIALS for Hello Catering

Dear Keelyn

I want to thank you for the splendid catering of MPOWR After Hours today at The Best Western Plus Cimarron Hotel & Suites.

Everything was beautifully presented, fresh, and tasty. Everyone really enjoyed the foods and drinks!

Linsey Kennedy said you are no stranger to the Cimarron. We acknowledged Hello Catering and Custom Bakery in the presentation.

Hopefully others will consider you and we will definitely be doing business with you again. I'm grateful Patti Osmus introduced us!

Thank you so much for your consideration of us as a nonprofit community benefit organization in your pricing, and for working so positively with our coordinator, Jess Holland.

Hi KJ,

We are so excited to come to OSU in January, and more so because of the food than anything else! I wanted to see if you all could help us out with our post-game meal again like you did last season (only not so last minute this time). Last year you gave us some choices for sandwiches, then did a boxed meal for everyone. Would you be willing to do this again this year? We would need it delivered to our bus at the end of our game on Saturday, Jan. 4th, around 8pm.

If you can do this, please let me know. Thanks and Happy Holidays!

Thanks so much for the delicious food for the party!

I heard a lot of compliments and provided your name to several people who were there.

We had particular raves about the Polish sausage and the Veggie Pizza. Both of those were scraped dry!

Everything went wonderfully. I'm planning to drop the chafing dish stuff by your place after rehearsal Monday. If you need it before then, just let me know and I could meet you out at T&G during my lunch hour on Monday. No problem!

Thanks again,

Cindy
